Fashion Accessories:

Accessory means something which is used as secondary manner. **Fashion** accessories means something which are used as secondary manner besides the wearer outfit. Even after wearing nice dress without proper accessories everything can be ruined. It is used often to complete an outfit properly. So, always be careful about proper **accessories** selecting & having.

Fashion accessory is an item used to contribute, in a secondary manner, to the wearer's outfit, often used to complete an outfit and chosen to specifically complement the wearer's look. It has the capacity to further express an individuals identity and personality as there are accessories that come in different, shapes, sizes, hue s etc. The term came into use in the 20th century.

Types of Fashion Accessories

Fashion accessory is mainly divided into two categories

1. Worn accessories (those that are worn)
2. Carried accessories (those that are carried)

Traditionally carried accessories include purses and handbags, glasses, hand fans, and umbrellas, wallets, canes, and ceremonial swords. Accessories that are worn may include jackets, boots and shoes, cravats, ties, hats, bonnets, belts and suspenders, gloves, muffs, necklaces, bracelets, watches, sashes, shawls, scarves, lanyards, socks, pins, piercings, rings, and stockings.

The type of accessory that an individual chooses to wear or carry to complement their outfit can be determined by several factors including the specific context of where the individual is going. For example, if an individual is going to work their choice of accessory would differ to one who is going out to drinks or dinner thus depending on work or play different accessories would be chosen. Similarly, an individual's economical status, religious and cultural background would also be a contributing factor

Different types of fashion accessories are:

Footwear: Footwear include shoes, sandals, and boots and is largest category of accessories. More than seven billion pairs of shoes are produced worldwide each year. Both functional and fashionable, shoes come in assorted materials including calf, kid, suede, reptile skin, imitation leathers and fabrics such as canvas or nylon.

Handbags: A Handbag must be decorative and functional. It must hold necessities conveniently as well as fit into the fashion picture. Large bags such as totes, satchels, portfolios or backpacks tend to be functional; smaller bags such as clutches and envelops are usually decorative. Handbag styles range from classic, constructed types to soft shapes. Leather including suede and reptile represent approximately half of the handbag material. Vinyl, fabric (tapestry, rug prints, needle point, silk, wool, nylon and canvas) and straw make the other half. Major trends include a wide variety of shapes in an array of colours with beads and embroidery.

Belts: The fashion for belts is apparel driven. Fashion belts for women are made of light weight leathers and suedes, metallic, woven cord, metal chain, fabrics and elasticized fabrics. Men's belts are strictly functional and must withstand everyday wear, so they are traditionally made of heavy leather.

Gloves: Gloves are functional and fashionable. They are needed to protect hands for work, sports or from the cold.

Hats / Headgear: In the past, the most important accessory was a hat. A businesswoman was never seen on the street without a hat. The functional hats protect against cold weather. Headgears are also used for protection against sun.

Jewelry: Fine jewelry is made of precious metals and gemstones and are made by hand or with settings reproduced by casting. Bridge jewelry is a category between fine jewelry and costume jewelry defined by lower price points than the fine jewelry. However its still made of precious metals such as gold electroplating of silver, or sterling silver, 14 carat gold trim and semiprecious and zirconia stones. Costume jewelry is mass produced to provide consumers with a variety of styles to coordinate with each look in their wardrobe. The base metals used in costume jewelry include brass, aluminium, copper, tin, lead or chromium, somes electroplated with gold or silver. Fashion jewelry is more trendy and utilizes metals that imitate gold or silver as well as materials such as wood, plastics, leather, beads, glass or clay. It is often colourful and styles change frequently according to fashion.

Why Fashion Accessories are Important?

Accessories give more importance to your personal style, taste and preferences. They also offer unlimited opportunities for clothes, helping you to do the best of each item you have. Clothes take up more space physically in your closet and clothes, but accessories are important details to complete each appearance. By itself, a bag, scarf or headband may not have much effect. However, when combined with clothes the accessories help create a robust outfit. Accessories are as important as clothing, offering a whole new opportunity to express oneself. With accessories affluent style waves up from head to toe.
